

Welding process

- MMA (Electrode)
- TIG DC Lift start

Materials

- Carbon steels
- Stainlesssteels
- Castirons

Applications

- Light job shop fabrication
- Building sites
- Repair and overhaul
- Repair and overhaul
- Sheet metal working
- Chassis
- Building
- Plumbing
- Installers
- Blacksmiths
- Electricians
- Tinsmiths

Suitcase kit

- Practical sturdy suitcase kit with a complete set of welding workplace equipment

Including:

- Welding power source
- Stick electrode holder
- Earth cable
- Wire brush and de-slagging hammer
- Hand-shield
- Extension carrying strap
- 20pc electrode pack

Technical features

- New generation advanced inverter technology power source for high speed dynamic arc control and superior welding performance
- Heavy duty and environmental conditions, high service life
- Reduced dimensions and compact construction
- High temperature, shockproof, abrasion resistant plastic case
- Airflow ducting and fully encapsulated PC board to avoid dust contamination
- Excellent performances also with long power supply extension cables
- Full digital and user-friendly control panel
- Linear controlled fan on demand
- Welding parameters digital display
- Last job settings auto-storage at switch-off
- Synergic setting for optimal stick welding with multiple types of electrodes
- Ideal for stick welding with multiple types of popular electrodes
- Built-in adjustable arc control features (hot start, arc force, antisticking)
- Reduced electromagnetic interference with lift start TIG welding
- Current socket (panel) 25mm²

Power source

			P	X%			P.F.	I₂	U_o	IP	mm l x w x h	ΔKg
